### Test and Measurement

Databus and network analyzers for 1553A/B, STANAG3910/EFEX, ARINC429, AFDX/ARINC664P7, ARINC825 (CAN bus), PANAVIA Serial Link, Fibre Channel and MIL-STD-1760.

Power Supplies-AC/DC, Programmable, Rack & Bench Top, Electronic Loads, and custom solutions.

Vector Network Analyzers, Power Meters, Spectrum Analyzers, Hand-held RF Test Equipment, Optical Test Equipment, and Signal Generators.

RF power sensors, RF power meters, wattmeters, vector network analyzers, spectrum analyzers, antenna and cable testers, attenuators, terminations/loads, RF IQC recording solutions, RF signal generation, and RF software analysis tools.

EMI/EMC, EMI Receiver, Antenna's, RF Amplifiers, ESD Guns, Lighting Simulator, Surge and Burst Test Sets.

Rugged UPS Power Protection Solutions serving a wide range of defense and industrial applications around the globe.

Designs and manufactures Power Distribution Units (PDUs) for electronic equipment in either standard rack-mount form, or in custom enclosures.

Premier manufacturer of high accuracy metrology equipment for DC resistance, voltage, temperature and AC power applications.

Multifunction electrical calibrators, power/energy calibrator, current calibrator, impedance calibrator, programmable resistance and capacitance decade boxes.

High Precision Pressure Standards, Calibrators and Controllers, Air Data Test Sets, Custom Pressure Systems, and Digital Pressure Transducers, Gauges, and Barometers.

EMC Test & Measurement Solutions - design, manufacture, supply and install shielded enclosures, anechoic chambers, shielded doors, absorbers and more.

Designs and manufactures RF Amplifier Modules and RF Amplifier Systems. Ophir's products are manufactured in the USA.

Time/Frequency Counters/Analyzers, frequency standards, distribution amplifiers and high voltage amplifiers.

EMC-Scanners for measurement and analysis of Electro-Magnetic Interference (EMI).

Optical Modulation Analyzers, Transmitters, BERTS, Pulse Analyzers, Tunable and DFB Lasers, Attenuators and Power Meters, Polarization Controllers and O/E Converters.

GPS Time & Frequency References and Distribution, Network Time Servers, VersaPNT, VersaSync, and GPS/GNSS Simulators.

A leading stocking distributor of Test and Measurement instruments to include equipment rentals and used equipment.

Modular PXIe/LXI/VXI/VME High Density Matrix and RF Switching and Instrumentation, Distribution, Data Acquisition, and Chassis.

Power analyzers for single and multi-phase requirements, oscilloscopes, ScopeCorders and data acquisition for your power applications.

### Environmental Stress and Screening

Proving service and maintenance for all vibration shaker models including LDS, Ling, Unholtz-Dickie, ETS, and more.

Environmental test chambers for quality assurance testing of products in temperature and humidity extremes ranging from bench tops to floor models to walk-in and drive in chambers.

Corrosion test equipment including UV, gravelometer, CASS, CCT, ACCT, prohesion, salt spray, impact testing, gloss and mass loss and immersion chambers.

Global leader in servoelectric actuator technology providing road simulators and vibration systems, including the 6dof multi-axis system.

IMV is the world's leading supplier of high-reliability vibration test systems to include single and multi-axis systems, vibration controllers and amplifiers.

Real world dynamic acquisition, simulation and monitoring products for the laboratory environment to include transportation testing, package testing and transportation monitoring instrumentation.

Specializing in Sand, Dust, Rain, Ice and Freezing Rain chambers.
